Principal: TANGELA CARTER (tacarter@dallasisd.org)

Phone: 214-932-7800

Middle school (grades 6–8) in the KIMBALL feeder pattern.

Grd	Attendance Target: 96%	Enrollment		% of Grade Level			
		N	% Sch	Afr. Am.	Hispanic	White	Other
6	94.7% ✘	196	31%	5%	93%	1%	2%
7	94.9% ✘	194	31%	5%	92%	2%	2%
8	93.0% ✘	237	38%	4%	95%	0%	1%
ALL	94.1% ✘	627	–	4%	93%	1%	1%

Student Group Enrollment		
	N	% of School
At Risk	530	82.3%
EB	440	68.3%
ED	613	95.2%
SPED	110	17.1%
TAG	124	19.3%

Attendance / Retention		2020-21	2021-22	2022-23
Students	Average student attendance rate	94.4%	↓ 93.4%	↑ 94.1%
	Percentage absent fewer than 10% of days enrolled	83.1%	↑ 84.8%	↑ 86.2%
Teachers	Average number of absences	8.4	↑ 10.5	↓ 8.7
	Percentage returned to campus from prior year	73.1%	↑ 81.8%	↓ 77.4%

Disciplinary Actions	20-21	21-22	22-23
In-School Suspension	2	15	3
Alternative Placement	1	25	21
Expulsion	1		

Distinctions

STAAR Reading Language Arts (Grades 6-8)

Mathematics (Grades 6-8)

Algebra I EOC (Grade 8)

*State results not available

Social Studies (Grade 8)

Science (Grade 8)

2023-24 School Profile

Middle School Metric and Term Definitions

Attendance

Student attendance rate	Average of students' attendance rates (number of days in attendance out of number of days enrolled) at end of last school year. The target for middle schools is 96%.
Students absent fewer than 10% of days enrolled	An indicator of how many students are in regular attendance. Percentage of students with fewer than 10% absences (excused or unexcused) is based on a snapshot taken at the end of the last school year.

Enrollment

Number enrolled by grade (N)	Average daily enrollment at the campus during the last school year.
Percentage enrolled by grade (% Sch)	Grade-level percentage of total school enrollment at end of last school year.
Percentage in grade by race/ethnicity (% of Grade)	Percentage of students within grade level identified as African American, Hispanic, white, or other at end of last school year. Identification in a category provided by parents/guardians at registration. Students identified as Hispanic are not counted elsewhere.
Percentage enrolled by student group	Counts taken at the end of last school year based on data in student information system. Students may be classified in more than one or no student groups.

Teachers

Teacher absences	Average number of days not at campus, such as for illness or personal business. Counts do not include vacation days or leave.
Teachers returning to campus	Percentage of teachers from previous school year who continued at the school. The number of teachers who were at the school in both current and previous years is divided by the number of teachers in the previous year. Teachers from the prior year are not included in the statistic if they changed to non-teaching positions within the district.

Discipline

Frequency of disciplinary actions	Disciplinary actions reported to TEA in PEIMS summer submission. Reporting codes by action are in-school suspensions: 6, 26; out-of-school suspensions: 5, 25; alternative placement: 7; expulsion: 2, 4.
-----------------------------------	---

Accountability Rating System for Texas Public Schools

State accountability rating	Schools receive four scaled scores in three domains (Student Achievement, Student Progress: Academic Growth, Student Progress: Relative Performance, and Closing the Gaps) and a single, overall scaled score across the three domains. The overall score is translated to a letter grade of A, B, C, D, or F. Schools can earn distinctions from the TEA for student achievement in math, reading, science, or social studies; top 25% (among comparable schools) in student progress or in closing performance gaps; and postsecondary readiness. The TEA refreshed the rating system in 2023, making current ratings not comparable to ratings in prior years. For more information on the changes, see https://tea.texas.gov/texas-schools/accountability/academic-accountability/performance-reporting/2023-accountability-rating-system NOTE: The district no longer participates in the Local Accountability System.
-----------------------------	--

School Effectiveness Index

SEI	A measure of performance on assessments that is relative to other Dallas ISD schools. The SEI isolates a school's effect on student outcomes by controlling for differences the school cannot control, such as socio-economic status, neighborhood characteristics, and prior-year academic levels. A large change in one year, whether up or down, will typically be followed by a move in the opposite direction. This is expected based on the statistical model used for SEI; it is an example of the concept of "regression to the mean." NOTE: The absence of standardized test scores from 2020 affected creation of SEIs for both 2020 and 2021.
-----	--

Campus Climate Survey

Percentage positive responses	Surveys conducted fall and spring. Positive responses include Agree and Strongly Agree. Other responses included Disagree, Strongly Disagree, and Neutral. Campuses with multiple TEA numbers have results only for the campus as a whole; results are repeated on each profile. Results not available when there were too few respondents.
-------------------------------	---

Parent Survey

Percentage positive responses	Survey conducted in spring. Positive responses include Agree and Strongly Agree. Other responses included Disagree, Strongly Disagree, and Neutral. Campuses with multiple TEA numbers have results only for the campus as a whole; results are repeated on each profile. Results not available when there were too few respondents.
-------------------------------	--

State of Texas Assessment of Academic Readiness (STAAR)

Percentage meeting grade level standard	Percentage of all tests with scores meeting grade level standard. Statistics include results from all STAAR test types. School's statistics based on results from students in the accountability subset. School statistics reported only if at least 25 students tested. District statistics are based on grade levels at the campus. State statistics not available for isolated grades, such as Grade 8 Algebra I. Students meeting grade level standard have a high likelihood of success in the next grade or course but may still need some short-term, targeted academic intervention. Grade level standards were reset for the 2023 administration of the STAAR in grades 3-8
Percentage mastering grade level standard	Percentage of all tests with scores demonstrating mastery of grade level standard. Scores are a subset of scores that "meet grade level standard". Students mastering grade level standard are expected to succeed in the next grade or course with little or no academic intervention. Grade level standards were reset for the 2023 administration of the STAAR in grades 3-8
